Editor's Notes

Can't say it's been a fulfilling summer. I had to skip out on all conventions from July to the end of this year…and possibly Animé Los Angeles. Man, life and school is just getting in the way. But this was a choice I had to make to better myself for the long run. I only see this as a small hiccup in the scheme of things.

The one event that I did go to was the Taste of Japan food festival at the Anaheim Gardenwalk back in June. I wasn't something I planned on. A friend of mine called me that morning asking if I wanted to go with him to the event. I wasn't doing anything that day and the summer issue just went live the day before, so I agreed. There was a lot of great food and music…a good event to kick off the summer season.

Story: Hifumi Asakura
Illustrator: Umiharu

Genre: Isekai, Action, Adventure, Fantasy, Harem, Seinen, Slice of Life

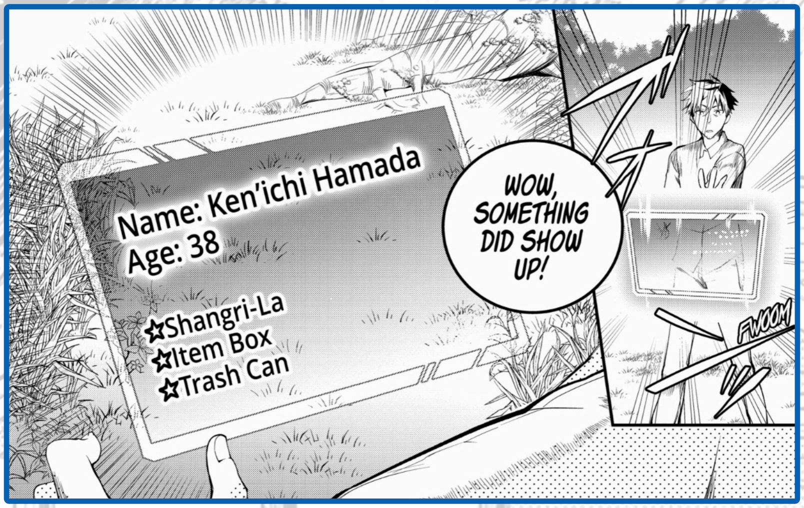
Format: Softcover
Price: ¥730 (tax included)

Cast of Characters:

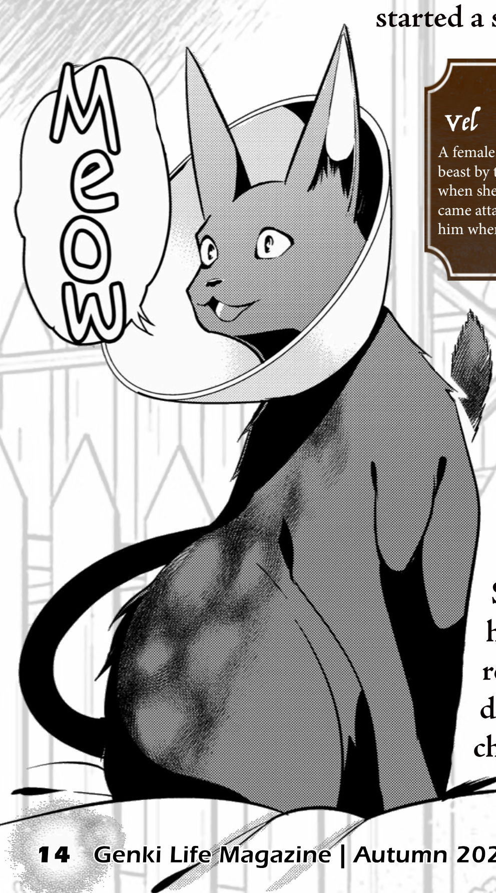
Ken'ichi Hamada	Primula Mallow
Anemone	Millet
Vel	Nyamena

The isekai genre has been very popular in recent years. For most of them, there's a main protagonist that always has to overcome some extraordinary goal. And in order to return to the world they originally came from, they have to complete that goal. Although this trope is a staple of the genre, it tends to get monotonous and boring after a while. When I first started reading these kinds of stories, I liked them very much, but I'm beginning to feel burned out.

While I was searching for something different, I came across a manga about this middle-aged guy who got "isekaied" and started living a slow life as a merchant. It's called *Arafō Otoko no Isekai Tsūhan Seikatsu* (*The Daily Life of a Middle-Aged Online Shopper in Another World*) by Hifumi Asakura, who originally wrote this as a light novel. The manga, originally published by Square Enix, was released in the West by Comikey Media Inc.



Ken'ichi Hamada is a typical salaryman in his 40s who got transferred to another world while traveling to his hometown. He learned that he had one skill…online shopping. Being dumped in the middle of nowhere, he soon found his way to the town of Dahlia. Ken'ichi went to join the merchant guild and started a selling stall. His plan is to sell simple items from his original world, obtained by his online shopping skill interfacing through an online shopping store called Shangri-La. He still had to use real currency to do this but discovers that the exchange rate is much, much higher converting the isekai world's money to Japanese yen. He can also use valuable objects as currency, giving him a decent pool of funds to pull from.



Vel

A female forest cat worshipped as a divine beast by the cat beastmen. Ken'ichi helped her when she was injured in the forest and she became attached to him. She also accompanies him when he moves from Dahlia.

Settling down in Dahlia, Ken'ichi meets a plethora of characters. On his way into town, he meets the traveling merchant Fuyō. He woos the tavern girl Azalea. He meets the merchant Amana, the old man magician, and a local knight, Barron. There's also the beastfolk girl, Millet, and her cohorts. Ken'ichi meets Primula and her merchant father Mr. Mallow of the Mallow Trading Company, to whom he introduces new products to sell.

He also starts building a house just outside of Dahlia, and you guessed it, it's a modern house which he buys through Shanri-La, built with modern tools, and filled with modern amenities like solar electricity. At his house, he helps a forest cat who he later names Vel. Later on in the story, Ken'ichi and a rag-tag group went on a rescue mission to save the kidnapped Primula. After saving her and other kidnapped women, he also saved a little girl Anemone to whom he became a guardian.

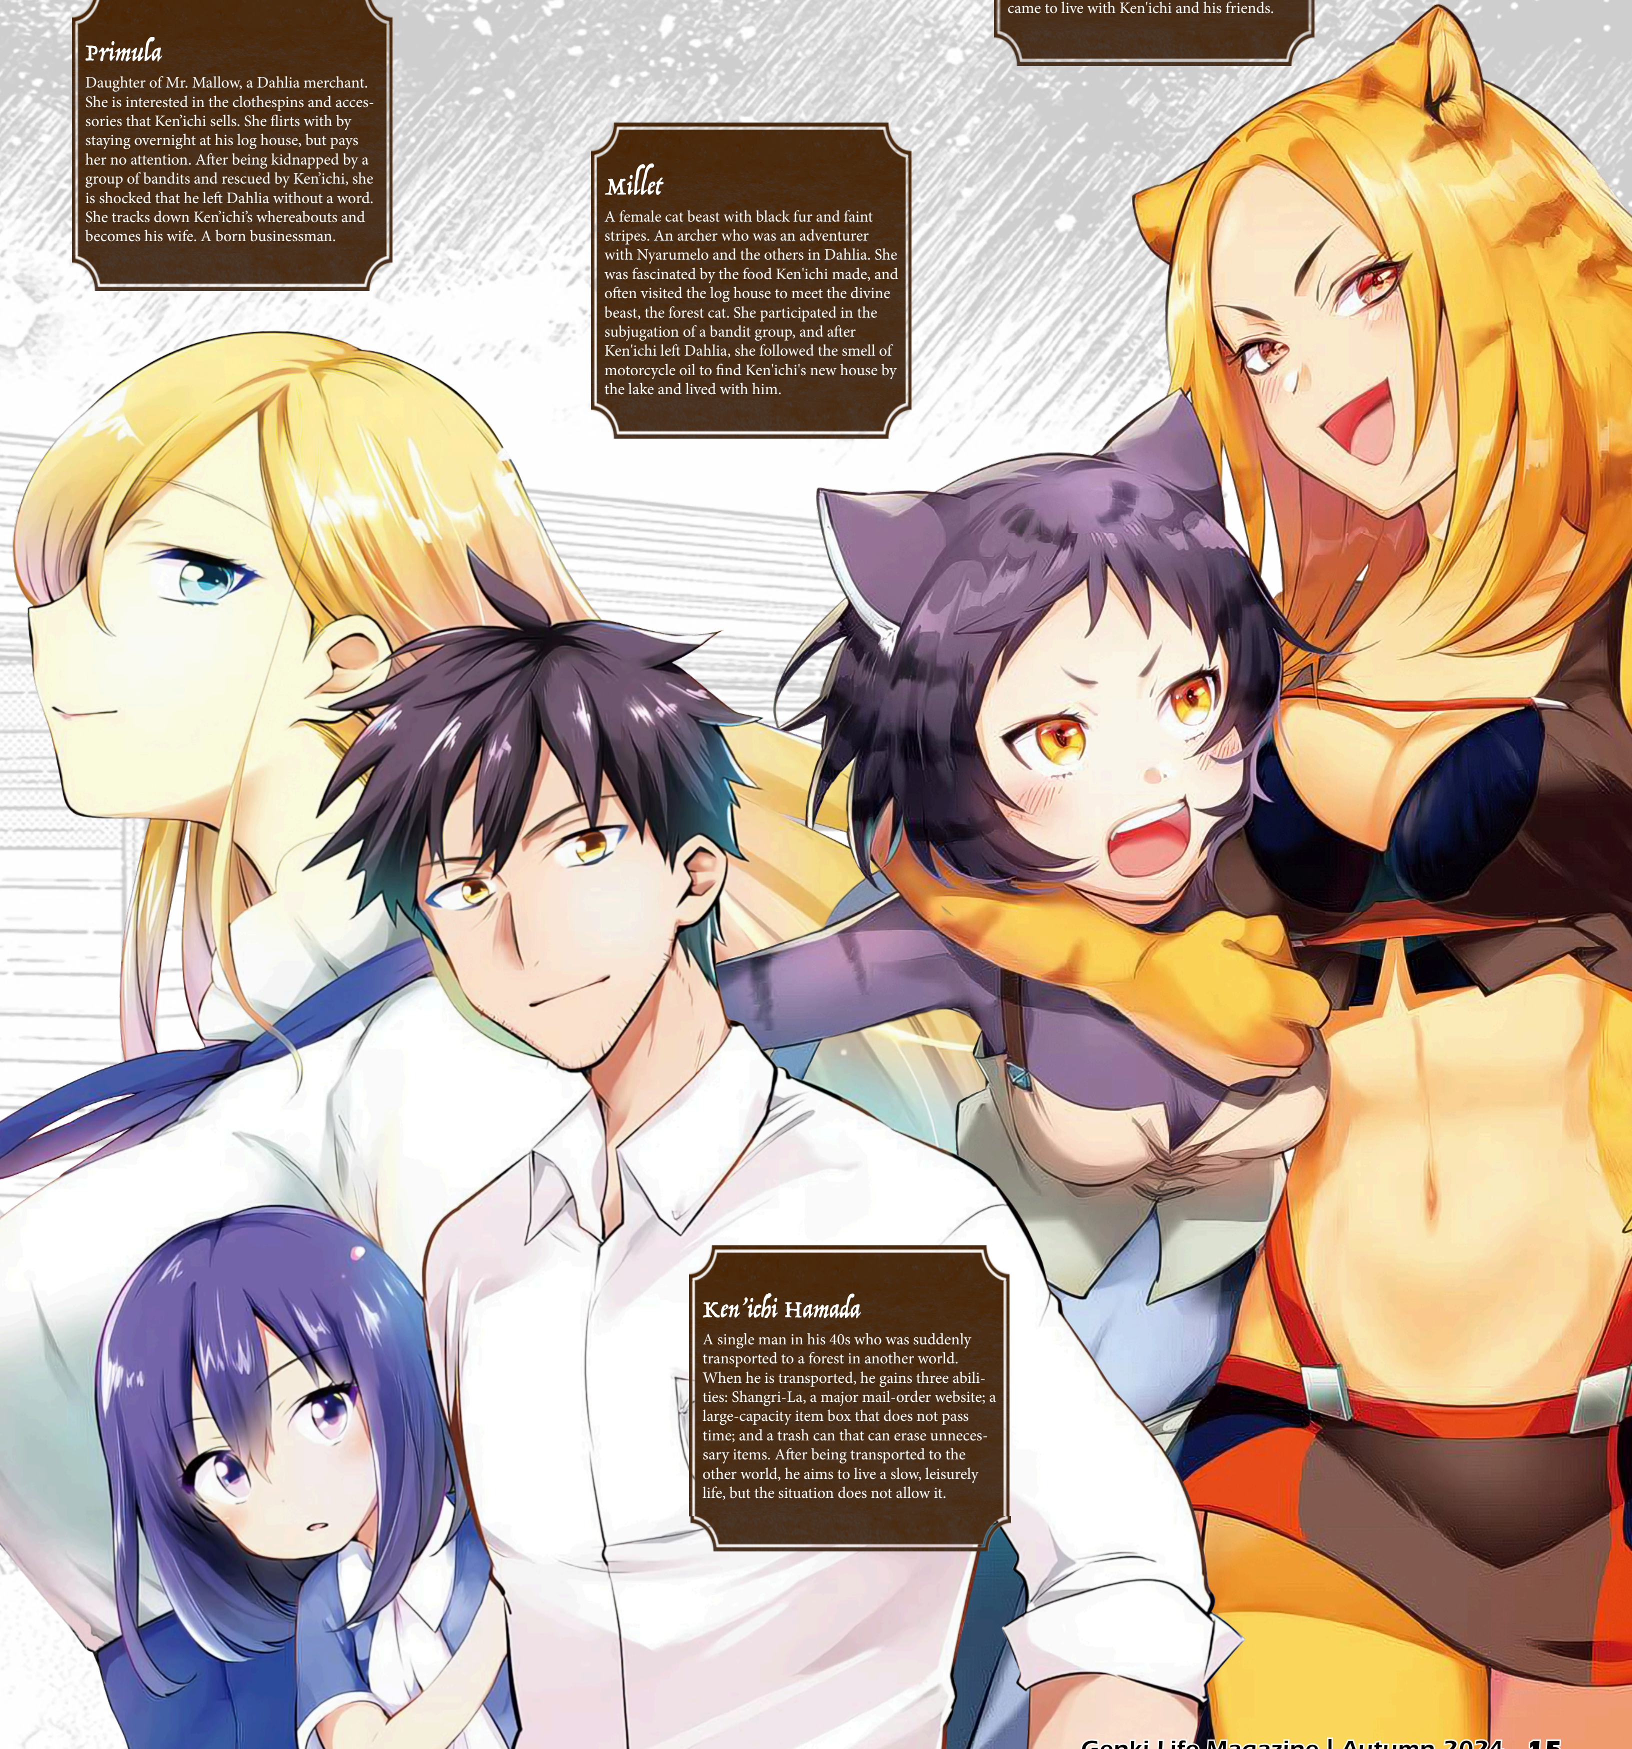
After this rescue mission, the nobles of Dahlia got wind of Ken'ichi and his abilities. Ken'ichi didn't want anything to do with the nobles, so he stored everything, including his house, and skipped town on a motorbike along with Anemone and Vel. Thus begins their adventures into the wider world. After a while, Primula finds and joins them. So for most of the story this band of travelers are Ken'ichi, Anemone, Millet, Primula, and Vel.

Arafō Otoko no Isekai Tsūhan Seikatsu is a pretty fun story to read. I just wished that the light novel was also available to read so I could have a more in-depth background of that world and the characters. At first, I thought it was similar to other online shopping manga like *Tondemo Skill de Isekai Hōrō Meshi* (*Campfire Cooking in Another World with My Absurd Skill*), but it had its own different hook to the genre. The pace of the manga was neither too slow nor too fast, giving the reader just the right pacing to soak in the story. There are no overwhelming tasks Ken'ichi has to undertake…just everyday life with a few normal obstacles to deal with. Unlike the other isekai

Anemone

A 12-year-old orphan who was captured by a bandit gang. After being rescued, she lives with Ken'ichi with nowhere to go. Later, she discovers that she has the aptitude to be a magician, and sets her sights on going on an adventure with Ken'ichi.

stories out there that have a lot of action, this type of slow life story might not suit many peoples taste. But if you want to read a good, relaxing story, albeit fantastical and over the top at times, this slow life manga would fit that void. ✣ Ed Gomez



Primula

Daughter of Mr. Mallow, a Dahlia merchant. She is interested in the clothespins and accessories that Ken’ichi sells. She flirts with by staying overnight at his log house, but pays her no attention. After being kidnapped by a group of bandits and rescued by Ken’ichi, she is shocked that he left Dahlia without a word. She tracks down Ken’ichi’s whereabouts and becomes his wife. A born businessman.

Millet

A female cat beast with black fur and faint stripes. An archer who was an adventurer with Nyarumelo and the others in Dahlia. She was fascinated by the food Ken'ichi made, and often visited the log house to meet the divine beast, the forest cat. She participated in the subjugation of a bandit group, and after Ken'ichi left Dahlia, she followed the smell of motorcycle oil to find Ken'ichi's new house by the lake and lived with him.

Nyamena

A female cat-human with tiger-striped fur. She was hired as a bodyguard for Primula, who runs a street stall in Astrantia, and later came to live with Ken'ichi and his friends.

Ken’ichi Hamada

A single man in his 40s who was suddenly transported to a forest in another world. When he is transported, he gains three abilities: Shangri-La, a major mail-order website; a large-capacity item box that does not pass time; and a trash can that can erase unnecessary items. After being transported to the other world, he aims to live a slow, leisurely life, but the situation does not allow it.

星降る王国のニナ

Nina, a girl living as an orphan in the Fortna Castle Town, happens to have eyes of deep blue—just like the God of the Stars. They're also the same color as the eyes of the recently deceased Princess Alisha. For that reason, when the second prince of Fortna, Azure, discovers Nina, he ordains that she will live as the princess in Alisha's place. As substitute princess and Priestess of the Stars, Nina is obligated to become the false bride of Sett, the first prince of the large neighboring nation of Galgada after the third month has passed. Despite being at the mercy of fate, Nina is just happy to feel needed by someone. What is it that her open, honest eyes see? The destinies of all the players on this stage begin to move when they make up their minds to protect the ones they love!

The Blue Wolves of Mibu

青のミブロ

It's 1863, the twilight of the shogunate, and Japan is on the cusp of monumental change. Young orphan Nio is no stranger to the harsh realities of the world, and yet he can't help but cling to his burning passion for justice and desire to change the world for the better.

One day, he crosses paths with two men who will become central figures of the coming revolution: Hijikata Toshizō and Okita Sōji, two of the founding members of a group of hated ronin known as the Miburo—who would later become known as the Shinsengumi. Inspired by the efforts of the so-called "Blues Wolves of Mibu," Nio decides to join the ranks to help carve a path to the world he wishes to see. But with new betrayals and reversals every day, will Nio be able to stay true to his conscience?

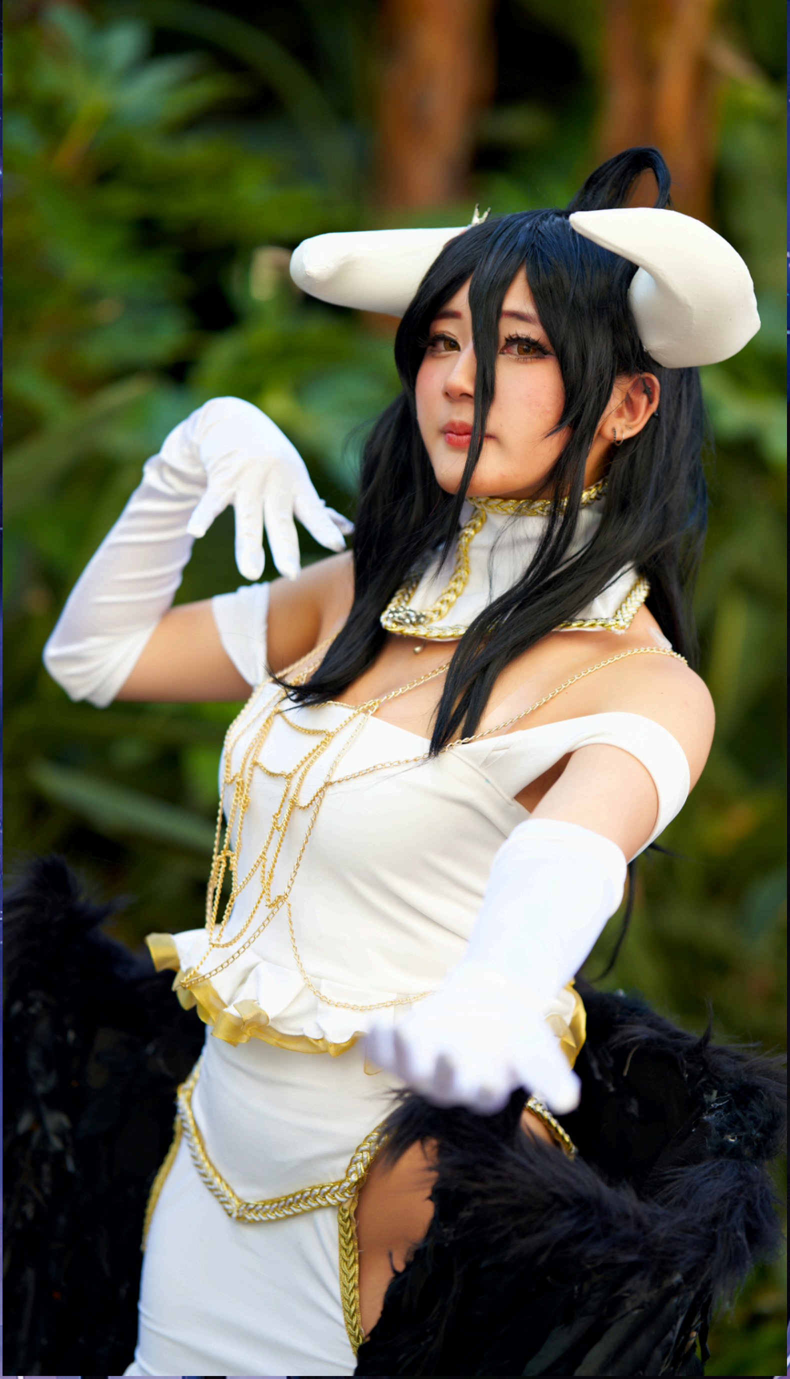
Cosplay Profile

Photos by meiguro

Kiyo

I'm Kiyo and I am a SoCal cosplayer. I've been cosplaying since I was 15 with Miku being my very first cosplay. Since then, I have been in love with dressing up as cute fictional characters. I started making my cosplay early on as well. I taught myself how to sew, style wigs, make foam pieces and even 3D print for my cosplays.



For the Albedo cosplay I made the dress using leftover fabric from a previous project. The most challenging part was the wings, as I wanted it to be big but not too heavy. In the end, I love how everything turned out and hope to cosplay her again in the near future.

Albedo

Merciful Pure White Demon

An unparalleled beauty who stands at the apex of the Great Tomb of Nazarick NPCs. Boasts top-class wisdom and defense, even among floor guardians.Was designated as a "slut" by her creator, Tabula, but this was rewritten to "loves Momonga" on the Yggdrasil server's final day of service. Ever since, she has sworn undying loyalty and affection for Ainz Ooal Gown, competing with Shalltear for the position of his wife. Incidentally, her needlework is at a professional level, and she uses her skills to prepare for the day she bears an heir.

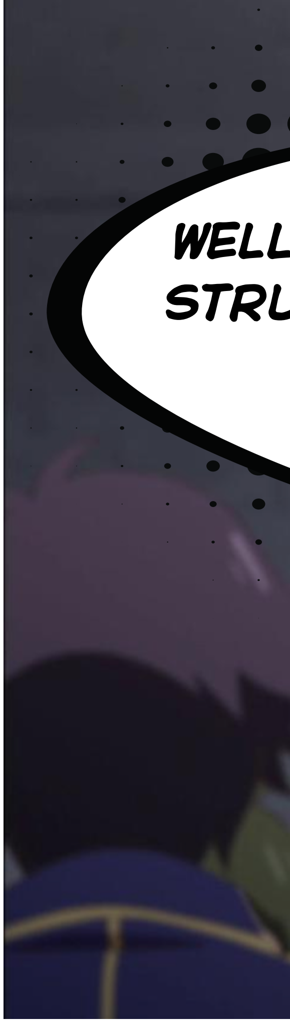
Shōgakukan Cuts Ties with Western Publishers to Self-Publish Light Novels

Activist Localizers Are Running Out of Options



In the second week of August of summer 2024, Shōgakukan has announced that the company will cut translation costs. The announcement only pertains to light novels for the time being. On the flip side, Shōgakukan also plans to increase the number of translated light novels available. According to the company and other publishers, piracy was the main issue that needed to be addressed. The secondary, although not openly addressed, more controversial side is Western translators changing the product, devaluing it by injecting their own views.

For years, Japanese publishers face is the rampant piracy of Japanese media. Despite these publishers bringing translated works to the West quicker than ever and anime translations virtually the following day, piracy still remains a problem. It's estimated that America leads the world in media piracy. Scanlations or fan translation groups usually post their translations for free and are at times much faster than the publishers themselves. For example, *Isekai wa Smartphone to Tomo ni*, a light novel, was first published in 2015 by HJ Novels. It wasn't until 2017 that the English-translated light novels were available in North America in electronic book form and 2019 for the paperback. By the time volume one was available, the fan translation was already around volume six. And for those less experienced translators, they use services like Google Translate or DeepL to translate the media, with little or no knowledge of Japanese culture, the language, and its nuances.

In more recent times, there have been complaints by anime, manga and light novel fans that English-translated material is being injected by modern-day, Western politics. This problem doesn't only affect Japanese media, but also affects Korean and some Chinese media as well. These media companies have had enough of this foolishness and are pushing forward using artificial intelligence

Sneak-peek of the "Novelous" app by Shōgakukan.

. NOW, ISN'T THE
UGGLE REAL FOR
YA'LL TOO?

(AI) to do the translations. Earlier this year, Western localizers were in the spotlight for making changes to Japanese media. Many examples of this were shown on YouTube and the fandom media. To make matters worse, Western localizers have been mocking fans about wanting better translations, making changes for their own political reasons while proudly boasting it to the entire world to see through social media.

Shōgakukan will release a new light novel app called *Novelous* (working name) for North America by the end of this year or the beginning of next. No exact date was released. A translation company in Japan called Mantra was hired by Shōgakukan to translate their light novels. Mantra, based in Tōkyō, is a startup media translation company invested by a few large Japanese publishing companies, including Shōgakukan. Translations by Mantra as well as another translation company Shōgakukan invested in, Orange, will be available at launch through the *Novelous* app.

How Mantra will achieve this by using AI to do the translations? AI will only be used as a tool for making the translations. This first step will be the fastest. Then the translations will be compared side by side, through a proprietary app. The translation is looked over by a translator/editor to make appropriate changes through context and intent. NHK did a report on this company in early July of this year titled "Can AI Solve Global Manga Market Challenge?" that's available to watch on NHK's YouTube channel. Although the focus of the report is on manga, a similar process will be applied to light novels and possibly anime. And according to the company, they plan to do translations in other languages for other countries other than for the USA in English.

Of course Western localizers would be complaining about the use of AI for translations. Well, they're worried about losing their jobs…as they should. It stands to reason that if localizers did the job they were hired to in the first place instead of this "my way or the highway" attitude, Japanese companies would've made the move to AI much later down the line instead of doubling down on using AI as soon as they can. Although I'm mostly not a proponent for AI, because of this nonsense, I became a proponent for it…at least in this industry. This is the easy part, getting rid of these localizers.

On a much tougher front to fight is battling the rampant piracy. This generation, and the last, had grown up downloading media on the internet for free. Remember Napster and the Pirate Bay? Yeah, piracy will continue regardless whether companies like it or not. With this "Great Recession" with thousands of people getting laid off, as well as media companies becoming more and more anti-consumer, I can only hope this undertaking will succeed. ❖ Alexis Winthrop (pen)

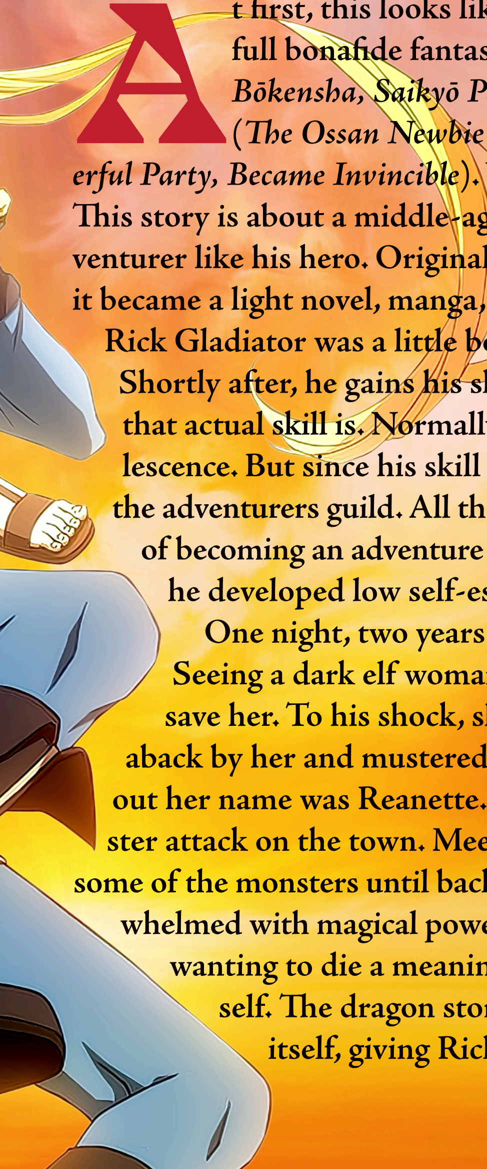
OSSAN newbie ADVENTURER, ained to Death by the st Powerful Party, BECAME INVINCIBLE



At first, this looks like your typical isekai-genre show. It's not. It's a full bonafide fantasy story… anime style. It's called *Shinmai Ossan Bōkensha, Saikyō Party ni Shinu Hodo Kitaerarete Muteki ni Naru* (*The Ossan Newbie Adventurer, Trained to Death by the Most Powerful Party, Became Invincible*). Yes, another show with a paragraph-long title. This story is about a middle-aged man who always wanted to become an adventurer like his hero. Originally written as a web novel by Kiraku Kishima, it became a light novel, manga, and recently an anime.

Rick Gladiator was a little boy reading stories about the hero, Yamato. Shortly after, he gains his skill, but until it manifests, he won't know what that actual skill is. Normally, skills would manifest around puberty or adolescence. But since his skill never manifested, he became a receptionist at the adventurers guild. All that time from childhood to adulthood, his hopes of becoming an adventure began to wane more and more to a point where he developed low self-esteem. Rick's now 32 years old.

One night, two years prior, there was a troll attack on the town. Seeing a dark elf woman about to get attacked, he jumped in to try to save her. To his shock, she was the one to kill the troll. He was taken aback by her and mustered enough courage to ask her on a date, finding out her name was Reanette. On their date night, there was another monster attack on the town. Meeting up with Reanette, he lets her take care of some of the monsters until backup arrives. All of a sudden, Reanette gets overwhelmed with magical power, nearly fainting. A dragon appeared. Rick, not wanting to die a meaningless death, tries to take on the dragon himself. The dragon stomps Rick. All of a sudden his skill manifests itself, giving Rick ungodly magic enough to kill the dragon.

Shinmai Ossan Bōkensha, Saikyō Party ni Shinu Hodo Kitaerarete Muteki ni Naru.

Cast:
Rick Gladiator = Satō, Takuya
Reanette Elfelt = Ōnishi, Saori
Broughston Ashorc = Miyake, Kenta
Mizett Eldwarf = Toyonaga, Toshiyuki
Alicerette Draqul = Kuno, Misaki

This is when we find out that Reanette is part of a famous S-rank adventure group, Orichalcum Fist. Rick receives the invitation to join them… beginning his two years of brutal, über-intense training.

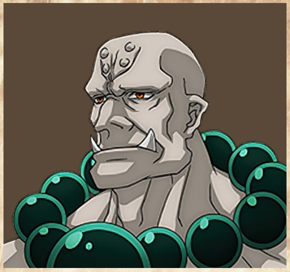
This setting of the show two years after this incident. Rick goes through an examination to become a full-fledged adventurer… his dream since he was a kid. Although Rick became powerful, he still has mental issues to overcome with his low self-esteem and self-worth. The viewer joins Rick on his journey to rise above these deficiencies while he goes through the trials and tribulations of the adventurer exam. Over time, Rick does improve, but because be felt that way for most of his life, he still struggles from time to time.

Shinmai Ossan Bōkensha follows the manga very well, but just like with any adaptation to anime, scenes get changed to make the story flow much better. We get introduced to the rest of Orichalcum Fist. Although they play an important part of the story, the main focus is about Rick overcoming his shortcomings and secondly, the relationship between Rick and Reanette.

For a show run by a production committee, the production of *Shinmai Ossan Bōkensha* is decent. Yumeta Company did pretty well with the artwork, character adaptation to anime, and sound. The story progresses at a rather normal pace, but at least the fighting scenes aren't *Dragon Ball* long… although it sometimes feels like it. What really stood out for me was the opening theme, which gave me the nostalgic feeling and style of 70s anime. The opening song is "Arano ni Sake yo Bōkensha-tachi" performed by Akira Kushida, a musical veteran of the 80s and 90s, and also sang insert songs for the *Dragon Ball Super S* TV anime. Just the opening theme told you that there was going to be a lot of action, fighting, and the "male struggle through the hero's journey," form of storytelling. *Shinmai Ossan Bōkensha* reminds me of vintage anime like *MD Geist*, *Hokuto no Ken*, or *Bastard!! Ankoku no Hakaishin*.

This season of *Shinmai Ossan Bōkensha* seems like it tells the first two story arcs, Rick's adventurer examination and the King of Fist Tournament in the Kingdom of Heractopia. These story arcs are substories that are part of the overall story in which the Orichalcum Fist are on a journey to recover the Six Jewels from the Legend of Yamato stories. They plan on defeating the demon lord Kaiser Alsapiet. The jewels are used to get into his domain.

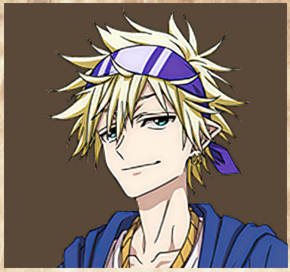
I have high hopes for this series to continue into a second or possibly third season. The reality is that this show is not for a lot of mainstream anime fans, in my opinion. But for those interested in a hero's journey kind of story, then *Shinmai Ossan Bōkensha* will do. If this show doesn't continue past this season, there's always the manga, but the problem is… there's no official English translation yet. You know what I mean. ✤ E. Tanaka



Broughston Ashorc

CV: Miyake, Kenta

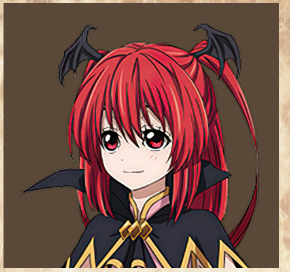
He is a rare orc who became an adventurer, nicknamed "Wise Demon." He currently leads the Orichalcum Fist and Rick looks up to him as his mentor. Despite his gigantic size, he is skilled in support magic, including healing magic, and can even resurrect the dead if they have died shortly after.



Mizett Eldwarf

CV: Toyonaga, Toshiyuki

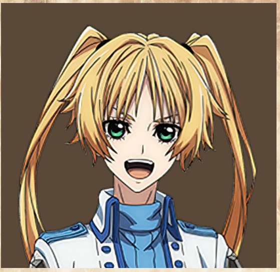
He is half-dwarf and half-elf. At first glance he looks like a young man, but in reality he is over 50 years old. He develops weapons that can't be made with the technology of this world, and people say that he has access to technology from 1000 years into the future, earning him the nickname "Millennium Workshop." He is an invincible womanizer.



Alicerette Draqul

CV: Kuno, Misaki

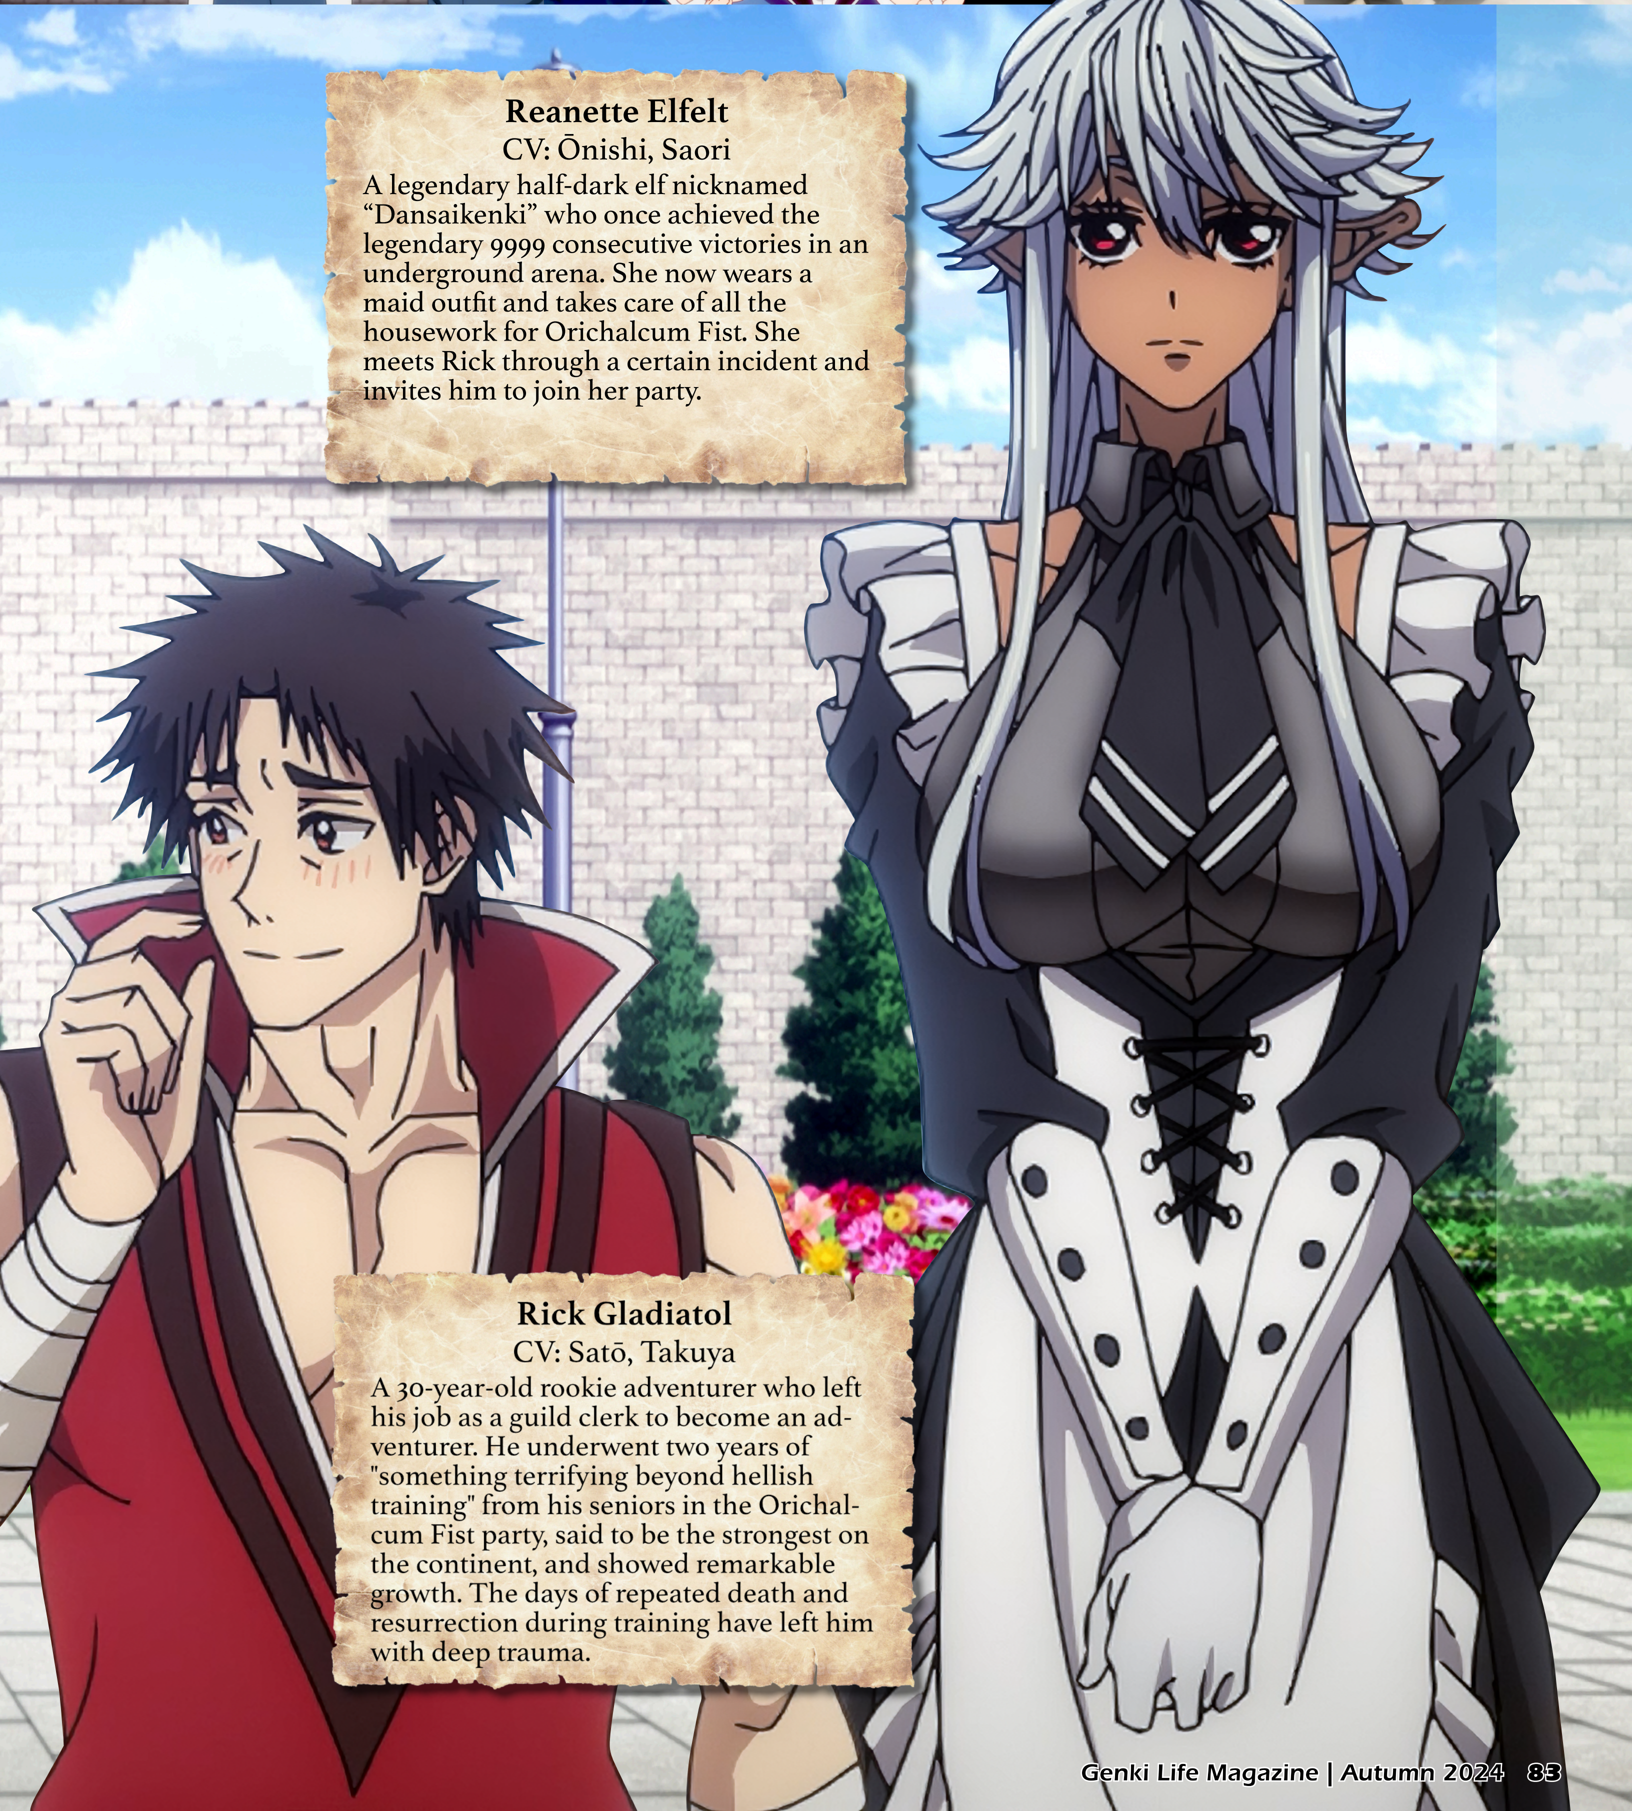
A pure-blooded vampire girl nicknamed the "Destroying Demon Child," is the continent's strongest super-genius offensive magician. While she innocently plays around, unleashing powerful offensive magic. Rick has been killed many times during training. She is a big eater, which is hard to imagine given her appearance.



Angelica Diarmuit

CV: Shino Shimoji

She is the eldest daughter of the Duke of Diarmuid, and a second-class knight in the Royal Knights. She is known as "Flash Angelica" for her high-speed combat skills. Although she can be a little harsh in her words, she is a hard worker and shows a caring side towards her siblings. She becomes Rick's disciple later on.



Reanette Elfelt

CV: Ōnishi, Saori

A legendary half-dark elf nicknamed "Dansaikenki" who once achieved the legendary 9999 consecutive victories in an underground arena. She now wears a maid outfit and takes care of all the housework for Orichalcum Fist. She meets Rick through a certain incident and invites him to join her party.

Rick Gladiatol

CV: Satō, Takuya

A 30-year-old rookie adventurer who left his job as a guild clerk to become an adventurer. He underwent two years of "something terrifying beyond hellish training" from his seniors in the Orichalcum Fist party, said to be the strongest on the continent, and showed remarkable growth. The days of repeated death and resurrection during training have left him with deep trauma.

RINKO-CHAN AS INORI YUZURIHA

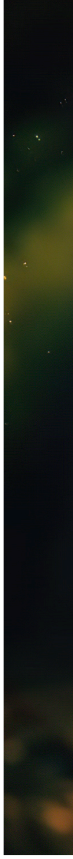
Rinko-chan

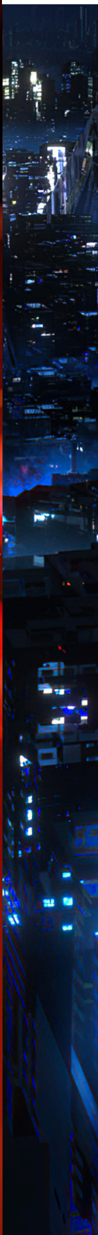
First, let's get to know Rinko-chan. Her birthday is September 29, and her zodiac sign is Libra. Her weight… it's a secret! But rumor is it's around 46kg, and sometimes it is 49kg. It is really unpredictable!

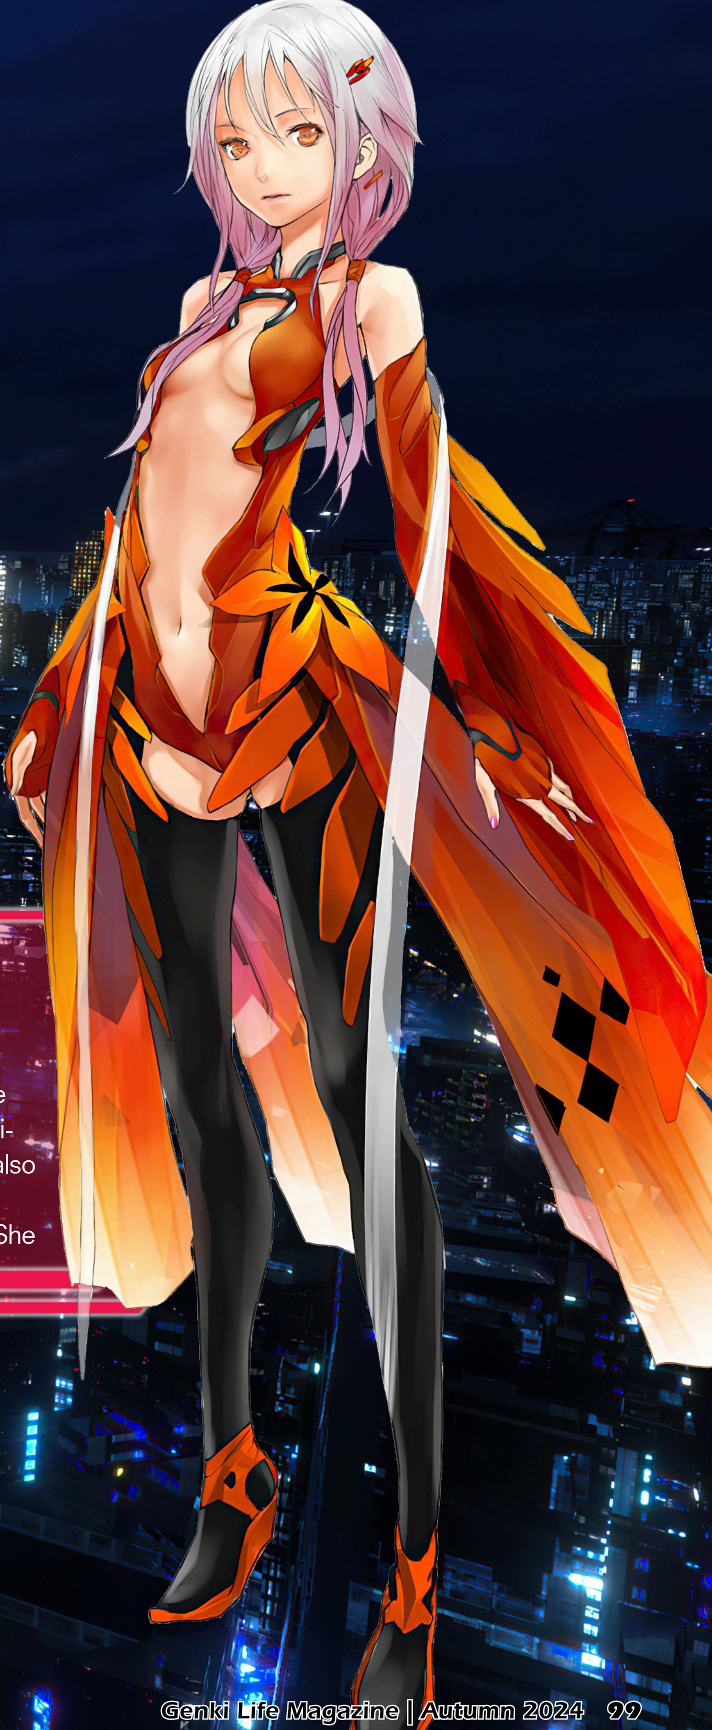
Rinko-chan is a role-playing game enthusiast and is good at the detailed reproduction of different characters. Every time I see her cosplays, I can't help but admire "Wow, this is so awesome! And she also likes to eat apples and watermelons, and is brave enough to try new things. This kind of spirit is really admirable!"

When it comes to interacting with fans through social media, that's Rinko-chan's specialty. Every time she posts a photo, it attracts countless fans to watch and comment. Sometimes she posts some intractable jokes, making her fans laugh. This kind of affinity really makes people want to become her fans!

Photos by Báishān Zhī



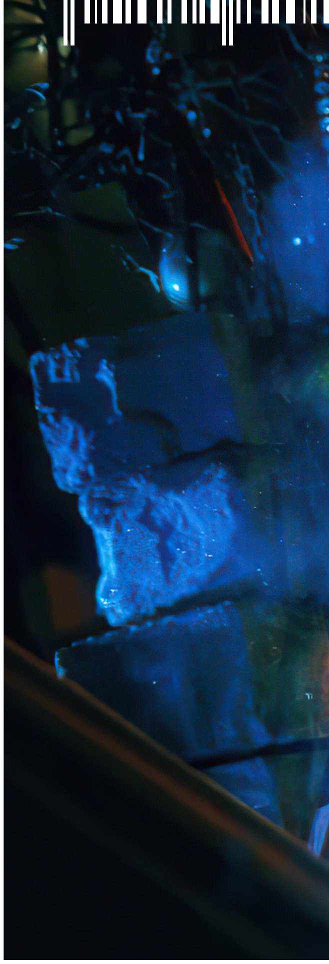




Inori Yuzuriha

CV: Ai Kayano

16 years old. Her hair color is cherry blossom red. She is the vocalist of the famous web artist "EGOIST." Inori is expressionless and gives off a mysterious aura, and she releases her emotions through singing. Shū Ōma, who also possessed the "King's ability," was the first person to draw out the Inori's sword, Void. Inori is also skilled with guns with excellent aiming accuracy. She seems to like onigiri she received when she first met Shū.



Okay, now let's talk about some interesting things about Rinko-chan! Once, she went to a cosplay event and found that she had forgotten her wig! This made her anxious, but she had an idea and decided to use her own hair to style it. The results of it? She actually used her hair to braid a super beautiful hairstyle, which amazed everyone! This little naughty person really makes people love and hate him at the same time!

Another time, when Rinko-chan was eating watermelon, she accidentally splashed watermelon juice on her clothes. This embarrassed her to death, but she had an idea and decided to use this "flaw" to take a new set of cosplay photos. The results of it? This set of photos actually went viral on the Internet! Everyone found this natural and authentic style very interesting and liked and reposted it one after another. This rascally little gal is so smart!

Okay, that's it for today's gossip time! See you next time, remember to like the editor! If you also want to become someone like Rinko-chan, then act quickly! Pay more attention to her Instagram, learn her cosplay skills and courageous spirit of trying, maybe you can become the next Rinko-chan!

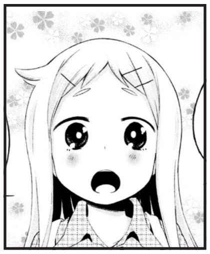
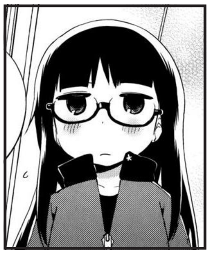
Umi

The new male store clerk who is the main character of this manga. He is a student part-timer with black hair and glasses. He has no nickname and is referred to by his real name, "Umi."



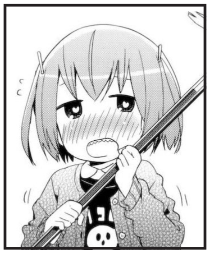
Hiotan

A female store clerk with long, straight blonde hair and not very knowledgeable about manga and the like. Her nickname "Hiotan" comes from the fact that she is a "non-otaku" with little knowledge.



Sensei

A female shop assistant with long straight black hair, glasses and a blunt way of speaking, she is an aspiring manga artist. Her real name is "Hinata." She is active as a fan of the circle "Soba Curry."



Fu-Girl

She is the only female teenage clerk. Her real name is "Koharu Yatsu." She is a 16-year-old high school girl in class 1B. She has short red hair, small pigtails, and saw-like teeth.

Denkigai no Honya-san

by

Mizu, Asato

A youthful romantic comedy manga set in a fictional bookstore called "COMIC Umanohone" in a "certain Japanese electric town" that depicts the daily lives of the store clerks! Umio is the main protagonist that works part-time at COMIC Umanohone. Everyone that works there are a bit eccentric, either a maniac or a hardcore fan of something. The senior girl who teaches him the job is a younger than him. There are subtle changes in the relationships between the characters over time. So, will Umio be able to manage his part-time life?

Here's a preview of the first two chapters. Be sure to support the author.

These pages are meant to read in spreads, side by side.

The story flow will be off, if read page by individual page.
